

CREATIVE WRITING, ASSOCIATE IN FINE ARTS (CW)

Effective: Spring 2017

This curriculum is designed for students who wish to hone their skills in the field of creative writing. Students will develop their craft in fundamental and advanced level courses necessary to become competent practitioners, ultimately pursuing concentrations in poetry, play/screenwriting, memoir or short story writing. This program serves students who are firmly committed to pursuing careers in which creative writing is the foundational element. While students in English courses utilize literacy artifacts as occasions to exercise critical thought, students pursuing this degree concern themselves with the production of literacy artifact itself, a related but very different enterprise.

Program Outcomes

Upon successful completion of this program, students should be able to:

- Consistently produce prose and poetry in a manner reflecting rigorous knowledge of central concepts and methods of execution.
- Critically discuss various literacy traditions and authors as to more insightfully envision, contextualize and create their own contributions.
- Constructively provide and receive critique of projects in small and large group settings in order to improve work and appreciate artistry as both a collective and individualistic enterprise.
- Utilize interdisciplinary knowledge (learned in general education courses and electives) to cultivate meaningful enterprise.
- Insightfully discuss and productively utilize concepts and procedures involved in revision.
- Utilize technology to research writers, artistic traditions, literary forums, productions, publications and other relevant topics of inquiry.
- Demonstrate understanding of skills learned in course work via a comprehensive portfolio.
