

# ENGLISH, ASSOCIATE IN ARTS (ENG)

Effective: Fall 2016

The A.A. in English has been designed for students who plan to transfer to a four-year institution and earn a bachelor's degree in English. This degree is comprised of core Liberal Arts courses and English electives which are intended to provide students with the necessary foundation to be successful in more advanced courses. Students in this program are strongly encouraged to consult with their English advisor and a transfer counselor for appropriate guidance in the choice of their electives.

## Program Outcomes

Upon successful completion of this program, students should be able to:

- Demonstrate an understanding of different literary genres, literary periods and styles of writing
- Apply different critical approaches to various pieces of literature
- Compose and present original literary analyses in both print and multimedia forms
- Write literary research papers which employ current information literacy techniques and utilize standard MLA formatting
- Explore and examine the language used by and about historically marginalized / under-represented people and the impact of that language on historical and contemporary audiences
- Identify and discuss major authors and their contributions to English studies
