INTERACTIVE MULTIMEDIA, CERTIFICATE OF COMPETENCY (IMMC)

Effective: Spring 2017

The Interactive Multimedia Certificate prepares students for the design and development of multimedia programs and websites that combine a variety of audiovisual elements including text, graphics, audio, animation and video.

Program Outcomes

- Utilize essential steps of the multimedia design and development process.
- Determine the appropriate hardware, software and equipment specifications/networked environment for multimedia programs or websites.
- Use industry standard applications to create one or more media elements for multimedia programs or websites.
- Create multimedia programs or websites that illustrate appropriate use of text, color, sound, video and/or interactivity.

Curriculum

The College will award a certificate of competency to students who complete an approved credit-bearing career program that requires less than 30 credits. General education courses may not be required for programs that have less than 30 credits. The student must have a cumulative GPA of 2.0 or higher. At least six credit hours must be in courses that are awarded grade points.

First Semester		Hours
