

SOCIOLOGY, ASSOCIATE IN SCIENCE (SOC)

Effective: Fall 2016

The associate's degree in Sociology is designed for students planning to earn at least a bachelor's degree in Sociology. The program's curriculum is also an excellent choice for students who desire a more comprehensive understanding of social group behavior, as well as those who plan to practice in one of the social science professions. Concentration in the curriculum develops student understanding of group dynamics, social interactions, including their genesis and evolution and environmental factors that shape human perceptions and behavior. The curriculum focus is not only paramount to learning the theories, skills, practices and values required for transfer to a bachelor's degree-bearing program, but also develops students' analytical skills and provides them with an enriched educational experience.

Program Outcomes

- Understand the important characteristics of the science of sociology.
- Describe the major methodologies for studying human behavior.
- Differentiate the major theoretical approaches to examining group behavior in society.
- Examine significant sociological aspects of human development over the life cycle.
- Demonstrate an understanding of the socialization process.
- Analyze the causes and remedies of social disruption.
- Recognize the major influences that socially impinge upon groups in today's complex and diverse society.

Curriculum

The College Transfer Office (<https://www.dccc.edu/admissions-financial-aid/transfer/transfer-office/>) is set up to help Delaware County Community College students transfer to four-year colleges and universities. If you are planning to transfer, you are strongly encouraged to meet with a transfer advisor within your first two semesters (or before you reach 30 transferable college credits from all institutions attended).

First Semester		Hours
SOC 110	Introduction to Sociology	3
ENG 100	English Composition I	3
HIS 150 or HIS 160	World Civilizations I or World Civilizations II	3
Select one of the following:		4
BIO 100	Biological Sciences	
BIO 110	General Biology I	
BIO 150	Human Anatomy and Physiology I	
CHE 101	Introduction to General Chemistry	
CHE 110	General Chemistry I	
PHY 110	College Physics I	
Humanities Elective		3
Hours		16
Second Semester		Hours
ENG 112	English Composition II: Writing About Literature	3
SOC 210	Cultural Anthropology	3
MAT 121	Introduction to Probability and Statistics	3
Select one of the following:		3
SOC 215/PSY 225	Experiences in Diversity	

SOC 219	The Sociology of Race And Immigration
