

# INSTRUCTIONAL COURSE MODALITIES

---

## Traditional Classroom

- Fully in person instruction at an assigned campus
- Student course schedule will indicate set meeting days/times and campus location

## Online

### Synchronous Online

- Instruction takes place through live online sessions on scheduled days and times, via zoom and Canvas
- Students are expected to participate in class on the scheduled days and times
- Assignments and tests are completed online via Canvas
- Instructors may require cameras be turned on for class discussions and lectures

### Asynchronous Online

- Completely online
- No scheduled meeting times; course learning and interaction takes place online via the Canvas online "learning platform"
- Learning activities may include lectures, videos, readings assignments, discussions and tests.
- Assignments and tests are completed by scheduled deadlines via Canvas

### Synchronous & Asynchronous Online

- A blend Synchronous & Asynchronous online instruction via Canvas and zoom
- The synchronous portion takes place through live online sessions, with set meeting days and times via zoom and Canvas
- The asynchronous portion is completed individually via Canvas
- Instructors may require cameras be turned on for class discussions and lectures
- Participation in both synchronous and asynchronous modes is required

## Hybrid

- A blend of traditional classroom and online synchronous or asynchronous instruction
- The traditional classroom portion is on campus instruction with set meeting days and times
- If asynchronous, the online portion is completed individually via Canvas with expected assignment due dates/deadlines.
- If synchronously, the online sessions take place via zoom and Canvas with set meeting days and times.

## Hybrid B (Online Option)

- A hybrid option in which all sessions have set meeting dates and times on campus AND all sessions are available synchronously via zoom and Canvas.

## Hybrid C (Low Residency)

- A hybrid option in which all sessions meet online EXCEPT up to five in-person sessions with set meeting days and times on campus. Students will be expected to attend in-person sessions. See schedule for details.

## Hyflex

- Sometimes called tri-flex, because three modalities are available: in-person, synchronous online, and asynchronous online.
- Option to attend some or all meetings in person.
- Option to join some or all scheduled meetings live online via zoom and canvas.
- Option to engage with class partially or entirely asynchronously.
- Assignment due dates/deadlines maintained in all options.
