Catalog

The Delaware County Community College catalog serves as the College's official statement of its program and course offerings. As such, the catalog current in the year of a student's matriculation into any one of the College's programs determines that student's program requirements.

As with any printed document of this nature, however, its currency becomes outdated quickly as faculty routinely update programs and courses to reflect the changing content and standards in any given field of knowledge. Consequently, students should also check the College's website to view the most current listing of courses and programs. Changes may also be reflected on the Catalog Update (<https://catalog.dccc.edu/catalogupdate/>) page. The material within this catalog is subject to change and was current as of July 2023.
