The Learning Commons is a student-centered environment offering academic support services, quiet and collaborative study spaces, and varied assistive technologies. Supplemental workshops are offered each semester to provide support in study skills, technology, and research.

Library Services

Library services provide access to sources necessary for students to complete course assignments. In addition to our physical print collection, students and faculty have access to approximately 85 databases which include newspapers, magazines, scholarly journals, books, streaming videos, and more. These electronic resources can be accessed both on and off campus.

Librarians are available in-person and virtually to assist students with their academic research and to provide information literacy instruction through classes and workshops.

Tutoring Services

When classes are in session, tutors are available to provide students with in-person and online course-specific tutoring, writing support, and academic support. Enrolled students are encouraged to schedule an appointment (<https://learningcommons.dccc.edu/tutoring-and-writing/how-to-schedule-tutor/>), attend a drop-in session, or work with a tutor through Brainfuse (<https://learningcommons.dccc.edu/tutoring-and-writing/brainfuse/>), our 24/7 online tutoring service.

For more information about tutoring, including schedules, visit learningcommons.dccc.edu/tutoring-and-writing/overview (<https://learningcommons.dccc.edu/tutoring-and-writing/overview/>).

Laptop Loan

The Learning Commons at Delaware County Community College provides students with access to laptop and Chromebook computers for use within the Learning Commons and to borrow for semester use off-campus. Laptops borrowed for use in the Learning Commons or off-campus should never be left unattended. Students are responsible for any damage or loss of a borrowed device.
